

## **FOR IMMEDIATE RELEASE**

### **Indecomm Brings Innovative Solutions to MBA Conference & Expo 2015**

*Mortgage and Learning Solutions Deliver Process Advancements*

#### Highlights:

- Indecomm exhibits at MBA's 2015 Conference & Expo, Booth 724
- Indecomm solutions push business boundaries for greater processing efficiencies
- Attendees can test their Income IQ with the Income Genius game

Edison, NJ (October 16, 2015)—Indecomm Global Services, a leader in business process outsourcing, learning, and technology solutions, will bring an advanced suite of mortgage and learning solutions to the Mortgage Bankers Association's (MBA) Annual Convention & Expo 2015 during October 18-21, 2015 at the San Diego Convention Center in San Diego, CA.

Indecomm professionals can be found at Booth 724 where attendees can test their Income IQ by playing the Income Genius game to win an iPad Air 2.

Indecomm's solutions for streamlining business processes help lenders and servicers in today's highly regulated and compliance-driven environment. The Conference will entertain a vigorous discussion of how to turn the tide away from spending the bulk of a company's resources on compliance to cost cutting and boosting productivity and profitability.

"Compliance with regulations has become more complex, so the solutions need to be more intelligent," said Rajan Nair, CEO, Financial Services, Indecomm Global Services. "More

powerful solutions are needed for more difficult problems. Indecomm's mortgage technology envisions life cycle risk management and our learning solutions streamline processes, increase accuracy, and boost productivity. They achieve these goals by an elegant integration with other systems automating the entire loan origination business."

Indecomm's Kaizen™ Risk Management system tracks multiple audit workflows from one integrated solution. Kaizen™ controls lending risk and improves loan quality.

Indecomm's ViewPoint™ provides further final document integration for management and reporting. It employs U.S. based technology and offshore resources to drive up accuracy and shrink costs. ViewPoint™ is a single point solution for viewing mortgage documents throughout the entire loan cycle—in real time.

"Controlling lending risk, improving accuracy, and cutting costs are top priorities in the industry. This Conference offers a great forum to bring together diverse voices," Nair said.

"Indecomm provides deep experience to these conversations with customers."

Partnership is a key component in Indecomm's solutions playing a transformative role in a lender's operations. The top tier and prominent mid-tier lenders, as well as regional lenders, partner with Indecomm. Title and settlement companies and mortgage insurers rely on Indecomm every day to help grow their business.

"Indecomm's solutions, both from a technology and human capital standpoint, deliver a high level of performance to our partners," Nair continued. "At the Conference, we'll be showing the industry how we're pushing the boundaries to help lenders improve efficiencies."
